**Section 2: COMPETITION RULES**

- I. ELIGIBILITY: Tournament competition shall be limited to those contestants who meet the following eligibility requirements:
- A. A student must be a member of Phi Rho Pi currently enrolled for a minimum of six (6) semester hours, or its equivalent, in an institution with an active Phi Rho Pi chapter. At least 50% of the classes must be non-forensics courses. (Verification of each student's credit-unit eligibility must be certified by the signature and official college seal of the records officer of a college entering the National Tournament.)
  - B. No student may participate in the Phi Rho Pi National Tournament who has already participated in more than (5) semesters of college competition. A semester shall be defined as the time period of July 1 - December 31, and January 1 - June 30. A semester shall not count unless the student competed in three or more tournaments during that semester. In addition, a student may not compete in national collegiate championship tournaments (two-year or four-year) in more than two different years.
  - C. No student may compete at the Phi Rho Pi National Tournament who is competing for two or more college forensics programs concurrently.
  - D. Academic qualifications for participants shall be set by the local chapter.
  - E. Students, who graduate from their college through spring term commencement in the same calendar year as the National Tournament but preceding the Tournament, are eligible to represent their college, provided they meet all eligibility requirements during the spring term.
  - F. Ineligible students entered into competition in the National Tournament shall be removed from competition by the Tournament Committee as soon as the ineligibility has been established.
- II. JUDGING REQUIREMENTS: The following rules govern the provision of judges by Colleges entering students into competition in the National Tournament.
- A. Each college shall be required to bring one competent (as defined below) judge for each four (4) contestants, or fraction thereof entered. However, no school shall be made to bring more than 3 judges (No fees are charged for not having 4 judges).
  - B. There shall be no provision for penalty fees in lieu of judges, except as the Tournament Director can GUARANTEE that competent judges can be hired with that money. Penalty fees in these instances shall be determined by the Tournament Director on a per-student-not-covered-by-a-judge ratio. If only a limited number of competent judges can be obtained, the colleges most distant from the National Tournament site will receive preference for such option.
  - C. No coach may code him/herself out of judging any event.
  - D. Judges shall be responsible for judging all rounds (including eliminations) assigned by the Tournament Management. (Room and judging commitments includes the entire tournament.)
    - 1. Failure to judge as assigned will result in a \$50 penalty for each ballot not judged.
    - 2. If the assessed fines are not paid during the course of the tournament, the school's Administration will be billed
    - 3. If the failure to pick up a ballot is due to tournament administration error, an exception can be made.
  - E. Once a ballot has been assigned, it may not be exchanged with, or given away to, another judge (even one from your own school!) without approval by the Judges Table.
  - F. If a school is requesting special consideration in splitting a judging commitment, the school must provide explanation submitted with each of the judge's information form, including specific

available days and times for each judge. A coach cannot buy out of a complete judging commitment. One could split a commitment, but only for half.

- G. All judges are required to call roll at the beginning of a round.
- H. Attendance at one of the two judging meetings held prior to the beginning of competition is required of all individuals judging at the National Tournament.
- I. Coaches/Judges should not recruit students while actively judging.
- J. Students from colleges not meeting their judging responsibilities shall not be permitted to continue in competition.
- K. COMPETENT JUDGES:
  - 1. In order to meet a school's commitment a "competent debate judge" must be one of the following:
    - a. A college debate coach;
    - b. A former college debate coach who has coached within the past twelve years;
    - c. A high school debate coach with two or more years of intercollegiate debate experience;
    - d. A person who has debated inter-collegiately two or more years (within the last twelve years, unless he/she has been actively involved in debate activities during this time); and removed from junior college competition for three semesters or five quarters and who is judged competent by the Director of Forensics. A judge must be removed from all competition for an entire year.
    - e. Debate judges are to rank themselves A, B, C, D on the enclosed form to indicate level of judging experiences (coding does affect judge assignments). Distinctions should be made between policy debate rankings and parliamentary debate rankings.
    - f. A Judging Philosophy must be submitted by each judge along with the judge qualification and preference forms. Judging philosophies will be in open narrative form and will include, but are not limited to:
      - i. Number of rounds judged on the current policy topic and/or in parliamentary for that year.

- C. No college may enter more than six (6) entries in any single event. Allow six entries in both IPDA and NFA-LD. Schools with 7-9 total entries between the two events would provide one additional judge (this judge must be rated A in debate and cannot be bought out of a judging commitment) and one additional competition room; schools with 10-12 total entries between the two events would provide two additional judges (these judges must be rated A in debate and cannot be bought out of a judging commitments) and two additional competition rooms.
  - 1. No individual may enter in more than four (4) non-conflicting events.

3. The time limitation for the performance is twenty-five (25) minutes. An additional 2 minutes shall be allowed for set-up and take-down of material.
4. Interpreters Theatre is a team entry and is included in the six (6) teams per college limitation. A team is limited to a minimum of three (3) and a maximum of fourteen (14) participants. Colleges are allowed to bring one hybrid team with a limit of two students per college and such an entry can be counted for teams sweepstakes points.
