Section 1: General Rules

TIME AND PLACE: The National Tournament shall be held annually in conjunction with the National Convention at the time and place chosen by the Executive Board.

2021 National Tournament Specifics: The tournament will be held Monday, April 5 through Sunday April 11 at various locations in Space. Accommodations are free. You are paying \$0 a night for rooms at the Moon Walk Convention Center.

TRAINING: Phi Rho Pi does not tolerate any behaviors which constitute sexual harassment. All participants, judges, students, staff, and coaches must engage in Title IX training between August 1, 2020 and April 5, 2021. Record keeping shall fall to the Vice-President for Association.

The preferred option for training is that program's make use of appropriate offices on a school's home campus. This is the preferred option because: 1) local training creates the opportunity for building collective awareness and dialogue within member programs, 2) local training helps build relationships with resources accessible to students throughout the academic year and outside of forensics, 3) local training provides the opportunity for a more robust, interactive educational experience than online training can accomplish, and 4) local training helps member programs become aware of any unique considerations relevant to their home institution. Programs that choose to receive training from an entity at their home institution should have a representative of that office complete the form available in the tournament brochure. Once complete, the form should be submitted to Vice-President for Association at registration. These forms will be maintained by PRP for verification purposes. Forms are due prior to Final Registration.

PRP wants all participants to arrive trained and certified by their home institution. Participants who do not complete the training will not be allowed to attend any PRP activity. Please keep our space safe for all extraterrestrial travelers.

Documentation of training may be made through an email to the Secretary of the organization, John Nash at phirhopiboard@gmail.com

Section 2: COMPETITION RULES

- I. **ELIGIBILITY**: Tournament competition shall be limited to those contestants who meet the following eligibility requirements:
 - A. A student must be a member of Phi Rho Pi currently enrolled for a minimum of six (6) semester hours, or its equivalent, in an institution with an active Phi Rho Pi chapter. At least 50% of the classes must be non-forensics courses. (Verification of each student's credit-unit eligibility must be certified by the records officer of a college entering the National Tournament. This eligibility verification should be sent via email to phirhopiboard@gmail.com)
 - B. No student may participate in the Phi Rho Pi National Tournament who has already participated in more than (7) semesters of college competition. A semester shall be defined as the time period of July 1 - December 31, and January 1 - June 30. A semester shall not count unless the student competed in three or more tournaments during that semester. In addition, a student may not compete in national collegiate championship tournaments (two-year or four-year) in more than two different years.
 - C. No student may compete at the Phi Rho Pi National Tournament who is competing for two or more college forensics programs concurrently.

- D. Academic qualifications for participants shall be set by the local chapter.
- E. Students, who graduate from their college through spring term commencement in the same calendar year as the National Tournament but preceding the Tournament, are eligible to represent their college, provided they meet all eligibility requirements during the spring term.
- F. Ineligible students entered into competition in the National Tournament shall be removed from competition by the Tournament Committee as soon as the ineligibility has been established.

II. JUDGING REQUIREMENTS: The following rules govern the provision of judges by Colleges entering students into competition in the National Tournament.

- A. Each college shall be required to bring one competent (as defined below) judge for each four (4) contestants, or fraction thereof entered. However, no school shall be made to bring more than 3 judges (No fees are charged for not having 4 judges). Forensics educators and judges shall act in accordance with their own institutional obligations (College Code of Conduct – Student Handbook – Title IX policies). Failure to adhere to and being current with employer's policies will render a person ineligible to judge. Prior to judging at the Phi Rho Pi National Tournament, all judges shall be required to show proof of Title IX training.
- B. There shall be no provision for penalty fees in lieu of judges, except as the Tournament Director can GUARANTEE that competent judges can be hired with that money. Penalty fees in these instances shall be determined by the Tournament Director on a per-student-not-covered-by-a-judge ratio. If only a limited number of competent judges can be obtained, the colleges most distant from the National Tournament site will receive preference for such option.
- C. No coach may code him/herself out of judging any event.
- D. Judges shall be responsible for judging all rounds (including eliminations) assigned by the Tournament Management. (Judging commitments includes the entire tournament.)
 - 1. Failure to judge as assigned will result in a \$50 penalty for each ballot not judged.
 - 2. If the assessed fines are not paid during the course of the tournament, the school's Administration will be billed
 - 3. If the failure to pick up a ballot is due to tournament administration error, an exception can be made.
- E. Once a ballot has been assigned, it may not be exchanged with, or given away to, another judge (even one from your own school!) without approval by the Tab Room. **All judges are required to wait in the online standby judge virtual room until all eBallots have been accepted and judges have been dismissed.**
- F. If a school is requesting special consideration in splitting a judging commitment, the school must provide explanation submitted with each of the judge's information form, including specific available days and times for each judge. A coach cannot buy out of a complete judging commitment. One could split a commitment, but only for half.
- G. All judges are required to call roll at the beginning of a round.
- H. Attendance at one of the two judging meetings held prior to the beginning of competition is required of all individuals judging at the National Tournament.
- I. Coaches/Judges should not recruit students while actively judging.
- J. Students from colleges not meeting their judging responsibilities shall not be permitted to continue in competition.
- K. COMPETENT JUDGES:

1. In order to meet a school's commitment a "competent debate judge" must be one of the following:
 - a. A college debate coach;
 - b. A former college debate coach who has coached within the past twelve years;
 - c. A high school debate coach with two or more years of intercollegiate debate experience;
 - d. A person who has debated inter-collegiately two or more years (within the last twelve years, unless he/she has been actively involved in debate activities during this time); and removed from junior college competition for three semesters or five quarters and who is judged competent by the Director of Forensics. A judge must be removed from all competition for an entire year.
 - e. Debate judges are to rank themselves A, B, C, D on the enclosed form to indicate level of judging experiences (coding does affect judge assignments). Distinctions should be made between policy debate rankings and parliamentary debate rankings.
 - f. A Judging Philosophy must be submitted by each judge along with the judge qualification and preference forms. Judging philosophies will be in open narrative form and will include, but are not limited to:
 - i. Number of rounds judged on the current policy topic and/or in parliamentary for that year.
 - ii. Years of experience coaching/judging policy (either NDT or CEDA) debate.
 - iii. Limited explanation of preferences regarding delivery, evidence, and issue selection.
 - g. Judging paradigms and philosophical differences between policy debate and parliamentary debate as applicable.
(Judging philosophies will be available online after the deadline for attendees. No paper copies will be distributed.)

Reminder: Forensics educators and judges shall act in accordance with their own institutional obligations (College Code of Conduct – Student Handbook – Title IX policies). Failure to adhere to and being current with employer's policies will render a person ineligible to judge.

2. In order to meet a school's commitment, a "competent judge" for the Individual Events and Interpreters' Theatres must be one of the following:
 - a. A forensics coach (high school or college);
 - b. A speech instructor; graduate student in speech;
 - c. An undergraduate student in speech removed from junior college competition for three (3) semesters or five (5) quarters, who is judged competent by the Director of Forensics. But the potential judge must be removed from all competition for an entire year.
 - d. A person with prior forensics coaching or participation experience at the college level.

- e. IE and IT judges are to rank themselves A, B, C, D on the enclosed form to indicate level of judging experiences (coding does affect judge assignments).

III. NUMBER AND DISTRIBUTION OF ENTRANTS: The following rules shall govern the number and distribution of entrants in the National Tournament.

- A. A college may not enter more than a total of fourteen (14) contestants into sweepstakes event competition in the National Tournament.
- B. A combination of six (6) teams may be entered in Parliamentary Debate and Interpreters Theatre. These entries may be apportioned in any manner among those events.
- C. No college may enter more than six (6) entries in any single event. Allow six entries in both IPDA and NFA-LD. Schools with 7-9 total entries between the two events would provide one additional judge (this judge must be rated A in debate and cannot be bought out of a judging commitment) and one additional competition room; schools with 10-12 total entries between the two events would provide two additional judges (these judges must be rated A in debate and cannot be bought out of a judging commitments) and two additional competition rooms.
 - 1. No individual may enter in more than four (4) non-conflicting events.
 - 2. Hybrid Debate and IT Teams:
 - a. The hybrid team should only be comprised of students that the schools' directors deem eligible for nationals and have no one else eligible from their own team to partner with for national competition. Each school may only participate with one hybrid team per debate event. (In the case of IT, no more than two students may participate in the Hybrid Theatre.)
 - b. Coaches of students must submit a request for the hybrid team to the Tournament Director before the entry deadline. The request should be submitted in writing by coaches of both schools.
 - c. The hybrid team should also be submitted on the regular entry form of both schools along with their standard entries. The hybrid team counts toward each school's limit of six team entries.
 - d. If the hybrid team is comprised of students from two different regions, the normal judging and regional pairings restraints will be neutralized. The judging table will attempt to have the team judged by people from other regions, but it may not always be possible.
 - e. Students will be eligible for any team awards, and schools will receive sweepstakes points, but it will be half of the point total for that event. Each school will receive half.

IV. DIVISIONS: No participant divisions shall be observed in the National Tournament.

V. EVENTS AND CONFLICTS: At the National Tournament the following events will be offered and be conflicted as follows:

- A. IPDA, Communication Analysis, and Poetry Interpretation. Communication Analysis and Poetry Interpretation shall not conflict with each other. Students may enter IPDA, CA, and POETRY in any combination
- B. Prose Interpretation, Speech to Entertain, and Extemporaneous Speaking

- C. Persuasive, Duo Interpretation, Impromptu Speaking and NFA-LD
- D. Program Oral Interpretation, Informative, Dramatic Interpretation and NFA-LD
- E. Parliamentary Debate and Interpreter's Theatre,

VI. NO SHOWS: Should a coach know in advance that a student will be absent from a round of competition, the coach should notify the Ombudsperson as soon as possible. The Ombudsperson contact will be provided. In the event a student is absent from a round without advance knowledge ("No Shows" the round), prior to continuation of competition in that event the student and his/her coach must speak with the ombudsperson. Upon hearing the reasons for missing a round, the ombudsperson will determine whether continued competition in the event will be allowed, or whether the event will be considered a drop (resulting in a \$100 drop fee).

VII. APPEALS PROCEDURES: All coaches, judges, and students have the right to appeal any tournament decision or ruling.

A. The first step in the appeals procedure is to see the OMBUDSPERSON. The ombudsperson acts as a mediator in misunderstandings, rulings, or disputes between individual members, schools, or groups of the association. The ombudsperson may rule on an issue.

B. If the ombudsperson's decision is challenged, and the decision in question concerns a matter of ethical conduct, the matter is referred to the Ethics Committee (appointed prior to the beginning of the tournament by the President of Phi Rho Pi).

C. If the Ombudsperson's decision is challenged, and the decision in question is a matter of rules and procedures, the matter is referred to the Tournament Sub-Committee to be considered in a timely fashion. The Tournament Sub-Committee will consist of 3 to 5 available tab room staff to be appointed by the President and the Tournament Director when need arises. One representative for each side of the issue has a limit of 10 minutes to present their case. Others, as are needed for clarification of issue, may be called by the committee. The Tournament Sub-Committee may then rule OR they may decide to convene with the tournament Committee as a whole. No representatives of appealing schools may speak to the Tournament Committee unless requested by the Tournament Sub-Committee. All decisions reached by this procedure are final in the case of this tournament.

VIII. DEBATE AND INTERPRETERS' THEATRE ELIMINATIONS:

A. Debate Eliminations: All teams with a 4-2 record in Debate will be guaranteed advancement to an elimination round. The next highest ranking Debate team(s) may be added to fill out a bracket, as long as no more than half the field advances to elimination rounds. No more than three teams may be added to fill out a bracket.

B. Interpreters' Theatre Eliminations: All teams with a 7-5 record in Interpreters' Theatre will be guaranteed advancement to an elimination round. The next highest ranking Theatre(s) may be added to fill out a bracket, as long as no more than half the field advances to elimination rounds. No more than three theatres may be added to fill out a bracket.

C. Typically, there shall be two (2) GOLDS, two (2) SILVERs, and the rest BRONZE. This may be adjusted for very small events in which case there may be 1 gold, 1 silver, and 2 bronze awards.

- D. If there are more than four (4) entries in the first elimination round, but not enough to complete a bracket without going over the 50% rule, the top teams will be protected.

Section 3: EVENT RULES

- I. EVENTS OFFERED: At the National Tournament, the following events will be offered:
- A. Debate:

3. The time limitation for the performance is twenty-five (25) minutes. An additional 2 minutes shall be allowed for set-up and take-down of material.
4. Interpreters Theatre is a team entry and is included in the six (6) teams per college limitation. A team is limited to a minimum of three (3) and a maximum of fourteen (14) participants. Colleges are allowed to bring one hybrid team with a limit of two students per college and such an entry can be counted for teams sweepstakes points.

 - d. Readers may stand, sit, or both and may move from one locale to another so long as the movement is consistent with the ideas or moods of the literature and the director's concept.
 - e. Music/sound effects recorded or live, are acceptable as background accompaniment and part of the context. Since the emphasis of Interpreters Theatre is on oral interpreting, complicated musical arrangements that dominate or distract from the oral interpretation will be considered inappropriate. A performer whose sole function is to play a musical instrument on or off-stage will be counted in the 14 person limit.

- f. Teams will compete in six (6) preliminary rounds. Two teams will compete in each panel. Two judges will be used in each preliminary round of Interpreter's Theatre. Each judge will award a win and loss in the round. The judge will assign quality points to each team utilizing the following suggested scale: 21-25 Superior, 16-20 Excellent, 11-15 Good, 6-10 Fair, and 0-5 unprepared.
