Covid Protocols

At the 2021 National Tournament Business Meeting, the body passed a rule for this year that requires all attendees at the 2022 National Tournament to be fully vaccinated prior to March 20th, 2022.

Prior to the tournament, all attendees will be required to upload their vaccination card into an app, unless they have an approved exemption. This app will be a third party vendor. The Executive Committee is currently considering bids for this service and this information will be updated as soon as that contract is finalized.

Additionally, masks will be required to be worn by all attendees in public spaces. The only exception to this will be while a student is performing. Prior to, and after, the actual performance, masks will be required.

If you have questions prior to this information, please feel free to contact the tournament director, Rolland Petrello at rpetrello@vcccd.edu

TRAINING: Phi Rho Pi does not tolerate any behaviors which constitute sexual harassment. In order to protect the safety of all participants, everyone who attends the National Tournament should undergo Title IX/sexual harassment training as mandated by their home institution. All participants, judges, students, staff, and coaches must engage in Title IX training between September 1, 2021 and April 3, 2022. Record keeping shall fall to the Vice-President for Association.

The preferred option for training is that program's make use of appropriate offices on a school's home campus. This is the preferred option because: 1) on-site training creates the opportunity for building collective awareness and dialogue within member programs, 2) on-site training helps build relationships with resources accessible to students throughout the academic year and outside of forensics, 3) on-site training provides the opportunity for a more robust, interactive educational experience than online training can accomplish, and 4) on-site training helps member programs become aware of any unique considerations relevant to their home institution. Programs that choose to receive training from an entity at their home institution should have a representative of that office complete the form available in the tournament brochure. Once complete, the form should be submitted to Vice-President for Association at registration. These forms will be maintained by PRP for verification purposes. Forms are due at Registration.

PRP wants all participants to arrive trained and certified by their home institution. Participants who do not complete the training will not be allowed to attend any PRP activity. If you have questions, please reach out to the Tournament Director.

Section 2: COMPETITION RULES

- I. ELIGIBILITY: Tournament competition shall be limited to those contestants who meet the following eligibility requirements:
- A. A student must be a member of Phi Rho Pi currently enrolled for a minimum of six (6) semester hours, or its equivalent, in an institution with an active Phi Rho Pi chapter. At least 50% of the classes must be non-forensics courses. (Verification of each student's credit-unit eligibility must be certified by the signature and official college seal of the records officer of a college entering the National Tournament.)
 - B. No student may participate in the Phi Rho Pi National Tournament who has already participated in more than (7) semesters of college competition. A semester shall be defined as the time period of July 1 - December 31, and January 1 - June 30. A semester shall not count unless the student competed in three or more tournaments during that semester. In addition, a student may not compete in national collegiate championship tournaments (two-year or four-year) in more than three different years.
 - C. No student may compete at the Phi Rho Pi National Tournament who is competing for two or more college forensics programs concurrently.
 - D. Academic qualifications for participants shall be set by the local chapter.
 - E. Students, who graduate from their college through spring term commencement in the same calendar year as the National Tournament but preceding the Tournament, are eligible to represent their college, provided they meet all eligibility requirements during the spring term.
 - F. Ineligible students entered into competition in the National Tournament shall be removed from competition by the Tournament Committee as soon as the ineligibility has been established.
- II. JUDGING REQUIREMENTS: The following rules govern the provision of judges by Colleges entering students into competition in the National Tournament.
- A. Each college shall be required to bring one competent (as defined below) judge for each four (4) contestants, or fraction thereof entered. However, no school shall be made to bring more than 3 judges (No fees are charged for not having 4 judges). Forensics educators and judges shall act in accordance with their own institutional obligations (College Code of Conduct – Student Handbook – Title IX policies). Failure to adhere to and being current with employer's policies will render a person ineligible to judge. Prior to judging at the Phi Rho Pi National Tournament, all judges shall be required to show proof of Title IX training.
 - B. There shall be no provision for penalty fees in lieu of judges, except as the Tournament Director can GUARANTEE that competent judges can be hired with that money. Penalty fees in these instances shall be determined by the Tournament Director on a per-student-not-covered-by-a-judge ratio. If only a limited number of competent judges can be obtained, the colleges most distant from the National Tournament site will receive preference for such option.
 - C. No coach may code him/herself out of judging any event.
 - D. Judges shall be responsible for judging all rounds (including eliminations) assigned by the Tournament Management. (Room and judging commitments includes the entire tournament.)
 - 1. Failure to judge as assigned will result in a \$50 penalty for each ballot not judged.
 - 2. If the assessed fines are not paid during the course of the tournament, the school's Administration will be billed

3. If the failure to pick up a ballot is due to tournament administration error, an exception can be made.
- E. Once a ballot has been assigned, it may not be exchanged with, or given away to, another judge (even one from your own school!) without approval by the Judges Table.
- F. If a school is requesting special consideration in splitting a judging commitment, the school must provide explanation submitted with each of the judge's information form, including specific available days and times for each judge. A coach cannot buy out of a complete judging commitment. One could split a commitment, but only for half.
- G. All judges are required to call roll at the beginning of a round.
- H. Attendance at one of the two judging meetings held prior to the beginning of competition is required of all individuals judging at the National Tournament.
- I. Coaches/Judges should not recruit students while actively judging.
- J. Students from colleges not meeting their judging responsibilities shall not be permitted to continue in competition.
- K. **COMPETENT JUDGES:**
 1. In order to meet a school's commitment a "competent debate judge" must be one of the following:
 - a. A college debate coach;
 - b. A former college debate coach who has coached within the past twelve years;
 - c. A high school debate coach with two or more years of intercollegiate debate experience;
 - d. A person who has debated inter-collegiately two or more years (within the last twelve years, unless he/she has been actively involved in debate activities during this time); and removed from junior college competition for three semesters or five quarters and who is judged competent by the Director of Forensics. A judge must be removed from all competition for an entire year.
 - e. Debate judges are to rank themselves A, B, C, D on the enclosed form to indicate level of judging experiences (coding does affect judge assignments). Distinctions should be made between policy debate rankings and parliamentary debate rankings.
 - f. A Judging Philosophy must be submitted by each judge along with the judge qualification and preference forms. Judging philosophies will be in open narrative form and will include, but are not limited to:
 - i. Number of rounds judged on the current policy topic and/or in parliamentary for that year.
 - ii. Years of experience coaching/judging policy (either NDT or CEDA) debate.
 - iii. Limited explanation of preferences regarding delivery, evidence, and issue selection.
 - g. Judging paradigms and philosophical differences between policy debate and parliamentary debate as applicable. (Judging philosophies will be available online after the deadline for attendees. No paper copies will be distributed.)

Reminder: Forensics educators and judges shall act in accordance with their own institutional obligations (College Code of Conduct – Student Handbook – Title IX policies). Failure to adhere to and being current with employer's policies will render a person ineligible to judge.

2. In order to meet a school's commitment, a "competent judge" for the Individual Events and Interpreters' Theatres must be one of the following:
 - a. A forensics coach (high school or college);
 - b. A speech instructor; graduate student in speech;

Upon hearing the reasons for missing a round, the ombudsperson will determine whether continued competition in the event will be allowed, or whether the event will be considered a drop (resulting in a \$100 drop fee).

VII. APPEALS PROCEDURES: All coaches, judges, and students have the right to appeal any tournament decision or ruling.

- A. The first step in the appeals procedure is to see the OMBUDSPERSON. The ombudsperson acts as a mediator in misunderstandings, rulings, or disputes between individual members, schools, or groups of the association. The ombudsperson may rule on an issue.
- B. If the ombudsperson's decision is challenged, and the decision in question concerns a matter of ethical conduct, the matter is referred to the Ethics Committee (appointed prior to the beginning of the tournament by the President of Phi Rho Pi).
- C. If the Ombudsperson's decision is challenged, and the decision in question is a matter of rules and procedures, the matter is referred to the Tournament Sub-Committee to be considered in a timely fashion. The Tournament Sub-Committee will consist of 3 to 5 available tab room staff to be appointed by the President and the Tournament Director when need arises. One representative for each side of the issue has a limit of 10 minutes to present their case. Others, as are needed for clarification of issue, may be called by the committee. The Tournament Sub-Committee may then rule OR they may decide to convene with the tournament Committee as a whole.
