NEW RULES FOR 2025 TOURNAMENT

The following rules were changed/added since the 2024 National Tournament.

Debate Events were changed from six preliminary rounds to 5. Debate Teams with a 3-2 record will be guaranteed to break. Brackets will be filled as in previous years (see page 25).

IPDA and Parliamentary Debate added the following restrictions for use of electronic devices in prep (see pages 27 & 28):

“Students who chose to use electronic/digital flowing and/or to prepare their case/notes electronically/digitally may only do so using Google Docs or Google Sheets. In the instance of a protest brought forward by a judge or coach after the round regarding whether or not students have violated electronic flowing rules, students will be required to provide full Editor access to all documents and spreadsheets they used to the Ombuds/protest committee/tab room.”

The following rule was added to Impromptu Speaking (see page 31):

“Phi Rho Pi expects the prompt to be the inspiration of a speech, not for pre-planned support to be manipulated to fit the prompt. Previously used portions of speeches may not be used in subsequent speeches (within the National Tournament). This includes, but is not limited to, explanation and application of examples. In the event a competitor is accused of violating this rule, the Ombuds will consult with all of the critics who judged the competitor in impromptu during the tournament to determine if a violation of the rule has occurred.”

Determining Final Round Participants in Individual Events (see page 18). Half of the participants in the Semi-Final (Bronze round) will be advanced to the final round. As in all other break determinations for Individual Events, ties will not be broken.

Once complete, the form used by the home institution should be submitted to Vice-President for Association at registration. These forms will be maintained by PRP for verification purposes. In individual events and Duo Interpretation, Bronze Awards shall be awarded to those individuals and teams (in Duo Interpretation) who are advanced from the preliminary rounds into the semi-final round, but do not advance into the final round. All entrants who attain a preliminary round cumulative ranking of seven (7) or better, are guaranteed advancement into the semi-final (Bronze Award) round. If this does not represent 20% of the original field, (those who actually competed in Round 1), all cumulates of eight (8) shall be advanced. This process shall be continued with the additions of cumulates of nine (9) and higher until the semi-final field is equal to at least 20% of the original field.

SILVER AWARD plaques shall be awarded to the Team Debate, Parliamentary Debate, Interpreters Theatre teams, and individuals in NFA-LD and IPDA Debate who advance into the second elimination round, but who do not win. In the individual events and Duo Interpretation, Silver Awards shall be awarded to those individuals and teams (in Duo Interpretation) who do not qualify for the Gold Awards.

GOLD AWARD plaques shall be awarded to the Team Debates, Parliamentary Debate teams, Interpreters Theatre teams, and individuals in NFA-LD and IPDA Debate who win the final elimination rounds. BOVERO-TABOR AWARD: The Bovero-Tabor Award shall be presented to the speaker who accumulates the largest number of sweepstakes points during the tournament (counting the four sweepstakes events in which the student received his/her highest awards). In computing sweepstakes points for the Bovero-Tabor

Award, all Gold, Silver or Bronze Awards shall receive 10, 7.5, or 5 points respectively, regardless of the event in which they are won.

Section 2: COMPETITION RULES

- I. ELIGIBILITY: Tournament competition shall be limited to those contestants who meet the following eligibility requirements:
- A. A student must be a member of Phi Rho Pi currently enrolled for a minimum of six (6) semester hours, or its equivalent, in an institution with an active Phi Rho Pi chapter. At least 50% of the classes must be non-forensics courses. (Verification of each student's credit-unit eligibility must be certified by the signature and official college seal of the records officer of a college entering the National Tournament.)
 - B. No student may participate in the Phi Rho Pi National Tournament who has already participated in more than (7) semesters of college competition. A semester shall be defined as the time period of July 1 - December 31, and January 1 - June 30. A semester shall not count unless the student competed in three or more tournaments during that semester. In addition, a student may not compete in national collegiate championship tournaments (two-year or four-year) in more than three different years.
 - C. No student may compete at the Phi Rho Pi National Tournament who is competing for two or more college forensics programs concurrently.
 - D. Academic qualifications for participants shall be set by the local chapter.
 - E. Students, who graduate from their college through spring term commencement in the same calendar year as the National Tournament but preceding the Tournament, are eligible to represent their college, provided they meet all eligibility requirements during the spring term.
 - F. Ineligible students entered into competition in the National Tournament shall be removed from competition by the Tournament Committee as soon as the ineligibility has been established.
- II. JUDGING REQUIREMENTS: The following rules govern the provision of judges by Colleges entering students into competition in the National Tournament.
- A. Each college shall be required to bring one competent (as defined below) judge for each four (4) contestants, or fraction thereof entered. However, no school shall be made to bring more than 3 judges (No fees are charged for not having 4 judges). Forensics educators and judges shall act in accordance with their own institutional obligations (College Code of Conduct – Student Handbook – Title IX policies). Failure to adhere to and being current with employer's policies will render a person ineligible to judge. Prior to judging at the Phi Rho Pi National Tournament, all judges shall be required to show proof of Title IX training.
 - B. There shall be no provision for penalty fees in lieu of judges, except as the Tournament Director can GUARANTEE that competent judges can be hired with that money. Penalty fees in these instances shall be determined by the Tournament Director on a per-student-not-covered-by-a-judge ratio. If only a limited number of competent judges can be obtained, the colleges most distant from the National Tournament site will receive preference for such option.
 - C. No coach may code him/herself out of judging any event.
 - D. Judges shall be responsible for judging all rounds (including eliminations) assigned by the Tournament Management. (Room and judging commitments includes the entire tournament.)
 - 1. Failure to judge as assigned will result in a \$50 penalty for each ballot not judged.
 - 2. If the assessed fines are not paid during the course of the tournament, the school's Administration will be billed

3. If the failure to pick up a ballot is due to tournament administration error, an exception can be made.
- E. Once a ballot has been assigned, it may not be exchanged with, or given away to, another judge (even one from your own school!) without approval by the Judges Table.
- F. If a school is requesting special consideration in splitting a judging commitment, the school must provide explanation submitted with each of the judge's information form, including specific available days and times for each judge. A coach cannot buy out of a complete judging commitment. One could split a commitment, but only for half.
- G. All judges are required to call roll at the beginning of a round.
- H. Attendance at one of the two judging meetings held prior to the beginning of competition is required of all individuals judging at the National Tournament.
- I. Coaches/Judges should not recruit students while actively judging.
- J. Students from colleges not meeting their judging responsibilities shall not be permitted to continue in competition.
- K. **COMPETENT JUDGES:**
 1. In order to meet a school's commitment a "competent debate judge" must be one of the following:
 - a. A college debate coach;
 - b. A former college debate coach who has coached within the past twelve years;
 - c. A high school debate coach with two or more years of intercollegiate debate experience;
 - d. A person who has debated inter-collegiately two or more years (within the last twelve years, unless he/she has been actively involved in debate activities during this time); and removed from junior college competition for three semesters or five quarters and who is judged competent by the Director of Forensics. A judge must be removed from all competition for an entire year.
 - e. Debate judges are to rank themselves A, B, C, D on the enclosed form to indicate level of judging experiences (coding does affect judge assignments). Distinctions should be made between policy debate rankings and parliamentary debate rankings.
 - f. A Judging Philosophy must be submitted by each judge along with the judge qualification and preference forms. Judging philosophies will be in open narrative form and will include, but are not limited to:
 - i. Number of rounds judged on the current LD topic and/or in parliamentary/IPDA for that year.
 - ii. Years of experience coaching/judging debate (LD/Parliamentary/IPDA).
 - iii. Limited explanation of preferences regarding delivery, evidence, and issue selection.
 - g. Judging paradigms and philosophical differences between LD debate and parliamentary and IPDA debate as applicable. (Judging philosophies will be available online after the deadline for attendees. No paper copies will be distributed.)

Reminder: Forensics educators and judges shall act in accordance with their own institutional obligations (College Code of Conduct – Student Handbook – Title IX policies). Failure to adhere to and being current with employer's policies will render a person ineligible to judge.

2. In order to meet a school's commitment, a "competent judge" for the Individual Events and Interpreters' Theatres must be one of the following:
 - a. A forensics coach (high school or college);
 - b. A speech instructor; graduate student in speech;
 - c. An undergraduate student in speech removed from junior college competition for three (3) semesters or five (5) quarters, who is judged competent by the Director of Forensics. But the potential judge must be removed from all competition for an entire year.
 - d. A person with prior forensics coaching or participation experience at the college level.

- B. A combination of six (6) teams may be entered in Parliamentary Debate and Interpreters Theatre. These entries may be apportioned in any manner among those events.
- C. No college may enter more than six (6) entries in any single event. Schools with 7-9 total entries between IPDA and NFA-LD will provide one additional judge (this judge must be rated A in debate and cannot be bought out of a judging commitment) and one additional competition room; schools with 10-12 total entries between the two events would provide two additional judges (these judges must be rated A in debate and cannot be bought out of a judging commitments) and two additional competition rooms.

Each school may only participate with one hybrid team per debate event. (In the case of IT, no more than two students may participate in the Hybrid Theatre.)
 - b. Coaches of students must submit a request for the hybrid team to the Tournament Director before the entry deadline. The request should be submitted in writing by coaches of both schools.
 - c. The hybrid team should also be submitted on the regular entry form of both schools along with their standard entries. The hybrid team counts toward each school's limit of six team entries.

In the event a student is absent from a round without advance knowledge ("No Shows" the round), prior to continuation of competition in that event the student and his/her coach must speak with the ombudsperson. Upon hearing the reasons for missing a round, the ombudsperson will determine whether continued competition in the event will be allowed, or whether the event will be considered a drop (resulting in a \$100 drop fee).

- VII. APPEALS PROCEDURES: All coaches, judges, and students have the right to appeal any tournament decision or ruling.
 - A. The first step in the appeals procedure is to see the OMBUDSPERSON. The ombudsperson acts as a mediator in misunderstandings, rulings, or disputes between individual members, schools, or groups of the association. The ombudsperson may rule on an issue.
 - B. If the ombudsperson's decision is challenged, and the decision in question concerns a matter of ethical conduct, the matter is referred to the Ethics Committee (appointed prior to the beginning of the tournament by the President of Phi Rho Pi).
 - C. If the Ombudsperson's decision is challenged, and the decision in question is a matter of rules and procedures, the matter is referred to the Tournament Sub-Committee to be considered in a timely fashion. The Tournament Sub-Committee will consist of 3 to 5 available tab room staff to be appointed by the President and the Tournament Director when need arises. One representative for each side of the issue has a limit of 10 minutes to present their case. Others, as are needed for clarification of issue, may be called by the committee. The Tournament Sub-Committee may then rule OR they may decide to convene with the tournament Committee as a whole. No representatives of appealing schools may speak to the Tournament Committee unless

requested by the Tournament Sub-Committee. All decisions reached by this procedure are final in the case of this tournament.

Previously used portions of speeches may not be used in subsequent speeches (within the National Tournament). This includes, but is not limited to, explanation and application of examples. In the event a competitor is accused of violating this rule, the Ombuds will consult with all of the critics who judged the competitor in impromptu during the tournament to determine if a violation of the rule has occurred.

especially if a character has been deleted, this practice should be discouraged.

- ii. Contestants may not change the text's narrative point of view

C. Interpreters Theatre

1. Interpreters Theatre is defined as interpretation of literature by a group of oral readers who act as a medium of expression for an audience.
2. While Interpreters Theatre is both oral and visual, the emphasis is on the oral interpretation of the printed work and its resultant effects on the minds, emotions and imagination of the listeners/viewers. The audience should have feeling of unified whole in which each performer at all times contributes to the total effect desired.
3. The time limitation for the performance is twenty-five (25) minutes. An additional 2 minutes shall be allowed for set-up and take-down of material.
4. Interpreters Theatre is a team entry and is included in the six (6) teams per college limitation. A team is limited to a minimum of three (3) and a maximum of fourteen (14) participants. Colleges are allowed to bring one hybrid team with a limit of two students per college and such an entry can be counted for teams sweepstakes points.
5. Interpreters Theatre must include source information (i.e. authors and titles).
6. Mechanics of presentation are limited as follows:
 - a. The audience must have a sense of production being interpreted from a manuscript. Director, performer, and judges should be allowed freedom to exercise artistic, interpretive judgment; however, manuscript(s) must be interpreted from during the presentation.
 - b. Suggestions in contemporary or ensemble dress may be used. The literature should determine the nature of this suggestion, although costuming should not be a focus of this presentation.
 - c. Blocks, props, lighting effects may be used. HOWEVER, facilities limitations (space equipment, time etc.) should govern a director's choice.
 - d. Readers may stand, sit, or both and may move from one locale to another so long as the movement is consistent with the ideas or moods of the literature and the director's concept.
 - e. Music/sound effects recorded or live, are acceptable as background accompaniment and part of the context. Since the emphasis of Interpreters Theatre is on oral interpreting, complicated musical arrangements that dominate or distract from the oral interpretation will be considered inappropriate. A performer whose sole function is to play a musical instrument on or off-stage will be counted in the 14 person limit.

- f. Teams will compete in six (6) preliminary rounds. Two teams will compete in each panel. Two judges will be used in each preliminary round of Interpreter's Theatre. Each judge will award a win and loss in the round. The judge will assign quality points to each team utilizing the following suggested scale: 21-25 Superior, 16-20 Excellent, 11-15 Good, 6-10 Fair, and 0-5 unprepared.
