1. 3 positions up for election this year. Vice-President for Tournament, Vice-President for Association, and Treasurer. Nomination for Vice President of Tournament was opened to the floor and Duane Fish was nominated. He accepted the nomination. Nomination for Vice President of Association was opened to the floor and Jeff Przyblylo was nominated. He accepted the nomination. Nomination was opened for Treasurer and Wade Hescht was nominated. He accepted the nomination. All officers were elected by the body. Hearty applause ensued.
2. PC returned to the body after the report on public speaking to announce that CD was elected as the president for the next three year term (inserted into this part of the minutes for convenience).

B. Inter-organization – Jeff Przybylo

1. Please refer to the information provided in the VP report.

C. Site Selection – Jeff Przybylo

1. JP thanked Jill Kratz from Experian for assisting members with developing bids. The committee examined bids from Bethesda and Cleveland. JP highlighted the information provided in the site bid for 2015. The committee has recommended that the bid be accepted for Cleveland, OH. Rates are \$129.04 inclusive. Hotel gave the organization all the amenities that were requested by the board. **MSP**
2. Also commented on the possible tournament schedule change. Commented on how LA and Denver hotels would be willing to amend the contract to accommodate us. Suggested that maybe PRP handle it as a trial.

D. Constitution and By-Laws – Kari Schimmel

1. CB highlighted that the gravity of a potential tournament schedule change and sent the issue to both Constitution & Bylaws and Site as they are impacted by such a change. KS provided and balanced list of pros and cons to move to a 4 day schedule. It included cost-saving on one side and time challenges on the other.
2. Also had an informational item on filling the position of archivist which is indicated in the bylaws but not currently filled.

Duane Fish was then introduced to give the membership a sense of what a new 4 day schedule would mean for the body. Made it clear that he had no personal desire to change, but was merely moving in the direction indicated by the body. Also, asked members to look at attendance trends and that one of the factors is often identified as being 'too long'. Made it clear that CEDA and policy LD can be included if numbers are there for the events to make. He then took questions from the floor. Addressed shrinkage in time for IT turnaround. Indicated that one of the big time savers was to cut down parli debate slotted times. Also, small adjustments like bumping up extemp draw, etc. Also suggestions from the floor included considerations to be made regarding extemp and parli, etc. DF encouraged insight from the body. CD asked for members to vote on implementing a 4 day schedule. 58 for the change in schedule. 21 voted against a change in schedule.

E. Awards – Chris Miller

1. Commented on the fellowship awards for policy debate (as the event didn't make). They are going to accept nominations for the Bell-Scroggins award to be vetted by the committee for possible awarding on Saturday. If the lack of offering in CEDA occurs next year, the committee will decide how to reassess the situation. CD encouraged members to see agenda item 18 in the packet for more details.
2. DF mentioned that some of the awards including: Huffer-Goldman, Service Awards, and Fellowship Awards from last year were purged from the computer accidentally. Asked for members to bring forward names to update the brochure.

E. Ethics – Lauren Morgan – No Report**F. Publications – Rolland Petrello – No Report****G. Tournament Evaluation – Bob Becker**

1. Identifying ways to use evaluations to collect more meaningful data to help make the tournament a more rewarding and efficient event.

H. Interpretation – Thomas Bovino

1. Proposal #1: (#9) “To delete the line ‘contestants may not rewrite the ending of a work’. The current language is redundant as it stands in the language. **MSP.**
2. Proposal #2: (#10) “Contestants may not replace the ‘sex’ not ‘gender’ or the narrative point of view (moving between 1st, 2nd and 3rd person). The new language is more accurate. **MSP.**
3. Proposal #3: Delete language that “in cases of confusion as to which....for final arbitration. Members should examine the rationale in the proposal. **MSP.**
4. Proposal #4: Delete language “along with a copy of the copyright page” Add language “copyrighted works...from the author”. Motion from house to divide into 2 motions. **MSP.** New first proposal subpoint 4 part 1 is: to delete language as identified above. **MSP.** New proposal subpoint 4 part 2: to add “copyrighted works...from the author. Discussion ensued. Points ranged from legal ramifications, to enforcement, ethicality of abusing literary genres, limiting creativity, etc. **Motion Failed.**
5. Proposal #5: Delete the word “transitions” in the language which is not required. Change the word ‘reading’ to ‘interpretation’. Friendly amendment to change ‘a manuscript’ to ‘manuscript(s)’. Friendly amendment was accepted. **MSP.**
6. Proposal #6: Change word ‘will’ be allowed. Amending the wording to ‘may’ be ‘provided if’. Adding the wording that “Elimination rounds will not be timed”. Current practices and policy are in line with this change. **MSP.**

I. Public Speaking – Roxanne Tuscany

1. Proposal #1: (actually presented by Thomas Bovino). The current wording in the tournament brochure lump both interpretation and public address events together. The multi-page proposal is to simply change the language splitting the events to be more clear to judges and students. No action necessary.

J. Rules – M'Liss Hindman

1. Proposal #1: (19) To change the number of teams and individual slots from (6) to (7). Since there are 14 maximum students it would allow programs which are predominantly debate or IE to better serve the students. Negative impact includes judging and rooms. Further discussion ensued. Division of the house was called. **Motion Failed 48 to 30.**
2. Proposal #2: (20) To allow colleges to bring one hybrid IT to the national tournament and for such entry to be counted for team sweepstakes. Friendly amendment to limit each college to 2 students per college. **MSP.**
3. Proposal #3: To allow students greater access to competition at the PRP national tournaments. "Each student is allowed to have one student per year who has already participated in more than (5) semesters of college competition. ...No student may ever compete at the Phi Rho Pi National Tournament in more than three different years. Division of the house was called. **Motion failed 57 to 28.**

K. Debate – Mark Nelson

1. Proposal #1: Add the language (including the CIA World Fact Book) to the current language. The identified book is a reference book which is widely accepted as an almanac but not clearly specified. Discussion ensued. **MSP.**
2. Item for consideration (not an action item): the debate committee presented a unanimous resolution which encourages the PRP President and Vice-President of Tournament to more actively advocate for CEDA debate. The resolution highlighted the historical and academic importance of the event as a part of PRP.
3. Item for consideration (not an action item): to encourage the organization to award both the Lynch-Grossman and Bell-Scroggins award during the 2012 national tournament even though the event didn't have enough entries to be offered during this tournament.

President Report – Cynthia Dewar-Kudsi

1. Last year the Executive Board decided to pilot a four-day national tournament schedule. The decision was made in an effort to lower the financial commitment required by schools to attend the tournament. The membership was given the opportunity to speak to the four-day schedule following the Constitution and By-Laws proposal process. A possible 4-day schedule was sent to two specific Standing Committees (Site and Constitution and By-Laws). Their notes were posted in the Judge's Lounge and included in your Business Meeting packets. We will be sending a Coach Evaluation for the National Tournament in a few weeks and it will include questions specific to the four-day schedule. The Tournament Evaluation Chair, Bob Becker, will talk more about this evaluation.
2. The Phi Rho Pi website was redesigned. The back-end is more user friendly and has greater functionality. We have transferred everything from the old site to the new one except past tournament results. The results will be posted over the summer. We are able to give committee chairs and regional governors access to their individual pages. We are piloting this now with the Interpretation Committee and the Region 3 Governor. Fred Ebert from Northwest has stepped in and has been posting to the website and will continue to help Jeff and myself with updates. Thomas Bovino proofread the website for us. We would like to build out pages for each of the events and I have been talking with the various committees so we can plan for this next year. If you have any ideas please let one of the three of us now.
3. Phi Rho Pi now has a stronger social media presence. We are on Facebook as both an organization and the hosts this year built out the 2013 Phi Rho Pi page. We also are on Twitter and planning a Wikipedia page. Fred will report more about this under the Publications Standing Committee Report.
4. The AFA-NIET new two-year representative is Darren Elliott attending meetings at the 2012 National Communication Association Convention.
5. Multiple community college students competing at the 2013 Phi Rho Pi National Tournament have earned awards at other various 2013 national tournaments. At the AFA-NIET this year, the following community college earned awards:
 - a. First place sweepstakes for Community Colleges went to El Paso Community College.
 - b. Second place sweepstakes went to Lone Star-North Harris.
 - c. Third place sweepstakes went to Tyler Junior College
 - d. El Paso and TJC both had a student advance to quarter finals.

April 2013, VICE PRESIDENT OF ASSOCIATION– Jeff Przybylo

A. 2016 site

After reviewing 2 bids (Anaheim and Coata Mesa), the committee recommended that the 2016 Phi Rho Pi be held at the "Hilton Orange County/Costa Mesa." Irvine Valley College (Edwin Tiongson) will serve as host. Thanks to Edwin Tiongson and Jill Kratz (Experient).

B. Working with Experient continues to be effective. We will continue to use their service. They have promised to have a rep on site to help with any hotel issues at PRP. They will also audit the hotel to insure we are properly charged.

C. If member schools are interested in hosting in 2017 please contact Jeff Przybylo before making official contact with any hotels. He will provide you with information and resources.

PROPOSAL:

Add IPDA (International Public Debate Association) Debate to the Phi Rho Pi National Tournament. 6 preliminary rounds would take place during pattern C (Duo, Impromptu, Persuasive) and pattern D (Programmed Oral Interp, Informative, Dramatic Interp). Being an individual event, with no prior research required, IPDA would be weighted at 1 sweepstakes point.

It will follow the rules sanctioned by IPDA (more information available at ipdadebate.info) with the following exceptions:

1. There would be only one division that follows the individual debate format of one on one only.
2. There will be no central topic announcement. Topics will be announced in round with 5 topics (2 value, 2 policy, 1 metaphor) provided for strikes. Negative strikes first, then affirmative, negative, affirmative, until one topic remains to be debated.
3. Debaters will not be allowed to consult coaches or teammates in prep time.

Debate Time limits:

Debaters get 30 minutes to prep after topic is announced

1AC – 5 minutes

CX – 2 minutes

1NC – 6 minutes

CX – 2 minutes

1AR – 3 minutes

1NR – 3 minutes

2AR – 3 minutes

THE COMMITTEE X RECOMMENDS THE COMMITTEE DOES NOT RECOMMEND

PROPOSAL RATIONALE FOR THE RESOLUTION

1. Provides students and schools who are primarily debate programs with another format of debate that utilizes a different pedagogy.
2. Strong presence in this event from community colleges in the northwest could bring many programs back to PRP.
3. There is national access to the event. It is done in many parts of the country; thus, all schools can compete in this event before nationals.
4. Benefits programs with smaller teams, or odd number of debaters; eliminates the need for hybrids.
5. Team and CEDA LD hasn't made the last two years.

PROPOSAL RATIONALE AGAINST THE RESOLUTION

1. Judge availability may be limited, especially in pattern C.

#3. NUMBER AND DISTRIBUTION OF ENTRANTS:

b) A combination of eight (8) teams may be entered in Team Debate and Interpreters Theatre (Pattern A.) These entries may be apportioned in any manner among those events. A combination of eight (8) slots/teams may be entered in Lincoln-Douglas Debate and Parliamentary Debate (Pattern E.) These entries may be apportioned in any manner among those events.

c. No college may enter more than eight (8) entries in any single event.

THE COMMITTEE XX RECOMMENDS THE COMMITTEE _____ DOES NOT RECOMMEND
PROPOSAL RATIONALE FOR THE RESOLUTION

1. The current system uniquely privileges certain genres of coaching. For example, a school that focuses on interpretation of literature events could now field 12 student exclusively doing interp events. Teams focusing on platform speaking can only field six students. Those squads doing limited preparation can field 12 debaters, but only six of the debaters could compete in limited preparation events. Only by opening the competition would schools have the ability to fairly compete in their own genres. This would be especially beneficial to schools with smaller coaching staffs.

2. The current system uniquely removes fairness and freedom for students. Currently, students may not be able to compete in the events in which they are most qualified. Fro example, if a school has seven competitive impromptu speakers, only six are now allowed to compete. This restriction often requires students to stop competing in the events in which they choose to compete and instead they must switch to other events for which they have no interest. While it may seem easier for an oral interpretation of literature competitor to switch from prose to

poetry, the rules should allow all students to compete in the events where they feel the most qualified, even if, for example, that means there are seven prose competitors from a school. Phi Rho Pi should strive to enable all students to determine their own competitive future, regardless of teammates competing in an event.

3. The current system limits the academic freedom of educators. Currently, schools may not be able to field teams that best reflect their programs. Should schools want to bring students only in one event, the choice should be entirely up to the school, not an antiquated rule. The national organization, by setting artificial limits decades ago, degraded the academic freedom of all educational professionals. No other championship tournament artificially limits students by event category.

4. The current system does not encourage participation. Perhaps through increasing the freedom of the activity Phi Rho Pi will increase participation at the national tournament.

PROPOSAL RATIONALE AGAINST THE RESOLUTION –

1. A drawback of the proposal could be the effect on judges, should participation increase.
2. Possibly skew the set up of the tournament. Could be difficult for the Tournament Director to predict number of judges needed, etc. Judge requirements might be increased (having to use C judges now in Parliamentary Debate.)

Include additional rationale on the back

K. COMPETENT JUDGES:

Add a new definition under both 1. "Competent debate judge" AND 2. "Competent judge for the Individual Events and Interpreters' Theatres" that reads:

Any judge has to have been removed from competition for an entire school year.

Rationale For: Under the current rules a student could compete against a person that they had competed against during the current semester. This has potential harm.
